# Introduction

The Y20 is an official engagement group of the G20, composed of young leaders from the G20 countries. Y20 India will act as a platform for dialogue and negotiations among young leaders in India and around the world, who will come together to address the challenges facing our generation and strive to make a positive impact on the world.

The Themes of Y20 India are:

- Future of Work: Industry 4.0, Innovation & 21st Century Skills
- Climate Change and Disaster Risk Reduction: Making Sustainability a Way of Life
- Shared Future: Youth in Democracy and Governance
- Peace-building and Reconciliation: Ushering in an Era of No Way
- Health, Wellbeing & Sports: Agenda for Youth

## Health, Wellbeing & Sports: Agenda for Youth

The world faces various transnational challenges to human existence in a turbulent era of international relations. The new age conflicts, pandemics, climate change, arms race, and war by other means have caused serious disruptions to global peace and security with an increasing gap between the developed and the developing world. To address these challenges and promote international peace, it is necessary to prioritize multilateral engagement and encourage dialogue and mutual understanding between cultures. Negotiations and multiculturalism are two essential terms for the new inclusive order.

The compound challenge of mismanagement of planet resources, the decline of existing international institutions, and the Covid-19 pandemic have led to an increasing global fragility, making countries prone to conflict and wars. The emergence and role of non-state actors in conflicts, and cross-border terrorism pose an additional threat to international security. Undoubtedly, the challenges to global peace need to be prioritized in multilateral engagements.

# Our Story So Far

## Our Mission

Our organization is dedicated to providing high-quality education to children in need. We want to hone the skills of these young minds so that they can contribute to both their growth and of the nations' (*SDG 4.4 – Increase the number of people with relevant skills for Financial success*). We believe that every child deserves access to education, regardless of their background circumstances. Our mission is to empower children through education, giving them the tools and skills they need to succeed in life.

## Our Inspiration

We started 'Kudrat' from home in 2020, post COVID Lockdown, and have been working in the field of providing education and skills for 2 years now. Our team is made up of passionate individuals who are committed to making a difference in the lives of children. The word Kudrat symbolizes the efforts to work towards creating a world where women are empowered to reach their full potential and live their lives free from discrimination and oppression. Our society's 'Kudrat' i.e. its basic nature, should treat all genders equally by promoting education for all, irrespective of their gender, financial status or background.

We hope to mentor and aid passionate and bright students through education and improve their lives in the long run. Our programs are designed with the aim to help these students with social and economic mobility through financial independence. We hope to contribute to higher graduation rates, better job opportunities, and increased economic stability for these families. We are committed to continuing our work to help even more children and expand our scope of work to women through SHG initiatives in the future.

**LET'S BE  
HELPING HANDS  
WITH  
HELPING HEARTS**

# OUR PROJECTS

Our programs focus on providing access to quality education for children who would otherwise not have the opportunity to attend school. I.e we have enrolled 5 students of Galand Village to the local school. We work with local schools and teachers to improve the quality of education and provide resources such as books, supplies, along with offering help with technical skills. We also offer home tutoring to help children succeed academically. We also have a mentorship program for underprivileged senior secondary and college students to guide and connect them to resources for competitive exams, higher studies and skill training for jobs.

## MENTORSHIP PROGRAM

We provide education and training to women and girls to help them develop the skills and knowledge they need to succeed. This includes programs on financial literacy, foundational classes and leadership development. Under Ms. Meenakshi Gurbuxani, Kudrat has taught the girls of varying ages and women of the Galand Village in Ghaziabad. We also have awareness initiatives where we discuss taboo issues and talk about menstrual and mental health. I.e Janmashtami Celebration, Painting, Dance and Diya making competition, public speaking competitions for children of varying ages.

## DONATION DRIVES

Our donation drive has a clear and specific purpose, whether it's providing essential supplies to the village, supporting underprivileged children's education, aiding in healthcare initiatives. We are committed to maintaining transparency throughout the donation drive. We provide detailed information about how your donations will be used, ensuring you understand the impact you're making.

## SUPPORT SERVICES

We provide support services to girls and women who need assistance in any form. This includes counseling, mentoring, career guidance and legal support if needed. We majorly provide educational resources in the form of stationery, books, reading material, online resources etc. We work with local communities to change social norms and attitudes towards women. This also includes engaging men and boys of the village and the online community in the conversation about gender equality and promoting positive masculinity

# Y20 CHAUPAL EVENT

A chaupal is fundamentally a feature of rural life, in the popular perception a chaupal is any place where people sit and discuss their ideas, celebrate their aspirations, share the fundamentals of society and sort out their conflicts. Television talk shows, online websites and forums affiliated with the region sometimes attempt to mirror that atmosphere of free conversation and social engagement by including the term "chaupal" in their names.

The Event was organised with Y20 under its series of events during the G20 Presidency of India. **'Y20 Chaupal: Sehat ki Sehita'** not just an event but a gathering of kindred spirits, a convergence of ideas, and a celebration of the human spirit and well-being. Y20 Chaupal by Kudrat is an opportunity to come together and tackle the pressing issues of our time. By focusing on health, well-being, and global peace, we aim to contribute to a more harmonious world.

## EVENT RUNDOWN

Discussion Flow	Time	Explanation
Moderator welcomes the participants	8:15 AM -8:30 AM	Moderator greeted the participants and directed them towards the seating area
Introduction of our organisation	8:30 AM - 8:35 AM	Aradhya introduces the Organisation and its purpose to the participants
Opening Remarks from the Founder	8:35 AM - 8:40 AM	The Founder greets all participants and makes them comfortable for discussion

Discussion Flow	Time	Explanation
Moderator opens the floor for discussion	8:40 AM - 9:15 AM	The participants discuss their views one by one on the topic of Health and well-being
Vote of Thanks	9:15 AM - 9:20 AM	Aradhya thanks the participants for their presence for the event
Closing Remarks from the Founder	9:20 AM -9: 25 AM	The Founder thanks all participants and distributes sanitizers and masks
Donation Drive	9:25 AM -9: 45 AM	The team donates sanitizers and masks to the needy individuals in nearby areas

The discussion focused on different types of health. Some of the students were unaware of different types of health including emotional, social and intellectual health. The age range of the group was 10-15 years. The children discussed post- pandemic issues especially in terms of mental and physical fitness. Most children agreed how their ability to build strong support network has been reduced significantly. One participant named Samved mentioned how social and emotional health can be a tremendous asset during our student years and how one can work on it despite difficulties.

One participant's parent congratulated us and the Y20 secretariat for organising such events as it promotes outdoor activity thereby allowing children to alter their habits which they developed post pandemic. The participants were excited to be a part of this initiative and connected with us for more updates on the future events.

The discussion also offered the participants insights into how **gender often plays a significant role in shaping the types of physical activities that individuals engage in.** One participant mentioned how boys are often encouraged to participate in team sports like football, while girls may be steered towards activities like dance, yoga or gymnastics. Kudrat team believes that these early gender stereotypes can influence later choices in physical activities and therefore aims to break such stereotypes through such discussions

## Healthcare Facilities in Ghaziabad

The infographic displays the recent survey data

Source : Uttar Pradesh State Department

The participants discuss about the various initiatives taken by the government and applaud the introduction of Pink toilets in major places of Ghaziabad. The charge is Rs 5, which is quite affordable and providing air-conditioned toilets with all the facilities exclusively for women. The participants also received **sanitizers and masks** from the Kudrat Team and **took a pledge** for ensuring the Health and well-being, not only for themselves but for their loved ones.

The participants also decided to **spread awareness** about Y20 themes and about the importance of Health and well-being. The event was therefore marked successful, which increased the visibility of our organization and of Y20's mission.

**65%**

Visibility and tangible support for our organization increased by 65% and 55% respectively

# Acknowledgements

## Y20 SECRETARIAT

We would like to express our heartfelt gratitude to the **Y 20 Secretariat** for collaborating with our organization and supporting our mission of education, training and skill development of underprivileged children under SDG 4. It is with great pleasure that we acknowledge the support and contributions of the Taskforce and the Heads. We would like to thank **Mr. Akash Jha**; Secretary Y20 India and **Mr. Ashutosh**; Y20 Taskforce coordinator

## EVENT ORGANISERS (KUDRAT TEAM)

We would like to thank **Ms. Anshika Singh** for managing the collaboration, logistics and formulating the impact report for the Y20 Taskforce, **Mr. Lakshya Sakuja** and **Mr. Aradhya** for volunteering for the donation drive and moderating the flow of discussion, **Mr. Shlok** for contributing masks, sanitizers and other donation items and **Ms. Vani** for handling content for social media handles. We would also like to extend our heartfelt gratitude to **Mrs. Meenakshi** for coordinating with the members of Galand Village and heading the discussion for the event.

---

*We thank you for your support in our program*
